

## For our Authors:

There's no way to better position your book than by directing your message to the unique and dedicated audience in MCA's Leatherneck magazine!

Our June edition will feature a special ad highlighting authors and their books. We have many veterans that have written their memoirs, and we would like to assist you with gaining visibility for your book.

This special ad will be \$250.00 and will include your book's cover in the June edition of Leatherneck. The digital edition will also include a link to the website of your choice. We anticipate offering this again in our October edition, provided there is enough interest.

**Enjoy your days in the sun and read great material with your Favorite Authors!**
