

## **MCIOC**

MCIOC was established under the Deputy Commandant for Plans, Polices, and Operations in April 2009. In February 2011, MCIOC reached full operational capability. With the establishment of the Deputy Commandant for Information (DC I) in 2017, MCIOC transitioned from PP&O to DC I. Since its inception, MCIOC has deployed OIE Marines in support of MEUs, SPMAGTFs, OIR, OEF, as well operations and exercises in every Geographic Combatant Command. For its pioneering efforts across the DOTMLPF, MCIOC was awarded a Meritorious Unit Commendation in 2016. MCIOC continues to execute the DC I's vision to institutionalize information as a Marine Corps warfighting function, always living its motto, Verax Indicium Movet Animum (verifiable information moves the mind).
